MEMORANDUM FOR: Deputy Director for Administration

FROM:

[redacted]
Director of Security

STAT

SUBJECT:

Proposed Revision of [redacted], Enhanced
Protection of the Headquarters Compound

STAT

1. [redacted] Enhanced Protection of the Headquarters Compound, was forwarded to you for approval in May 1982. This notice outlined new guidelines to be followed by the Federal Protective Officer (FPO) when admitting vehicles to the Headquarters Compound. You may recall that after discussions concerning the impact on traffic flow, it was decided that the issue needed further study.

STAT

2. The original version contained a provision requiring all vehicles, including those occupied by a person with an Agency badge, to come to a complete stop to allow badge verification by the FPO. There was a concern that this would cause unacceptable traffic delays especially at peak hours.

3. After discussing this concern with my staff, it was concluded that the current practice of a visual recognition of the badge by the FPO while the vehicle proceeds slowly past the FPO is acceptable. I have, therefore, changed the notice and deleted the requirement that all badged Agency employees come to a complete stop. The remainder of the notice remains the same except to change the effective date to 16 August 1982. I believe the other corrective measures outlined in the notice are necessary to more properly control visitor access.

4. It is requested you review the proposed revision of [redacted]; and if acceptable, forward it to the Regulations Control Division with your approval for publication. Should you wish to discuss this revision, please advise.

This proposed headquarters notice is forwarded for approval. The notice was initiated by the Office of Security to institute additional admittance procedures to the Headquarters Compound in the interests of enhanced physical security and employee protection.

We have obtained the legal concurrence of the Office of General Counsel; RCD considers no further coordination necessary.

RCD received the proposal on 26 May 1982. OS has requested expeditious processing in order to distribute the notice well in advance of its effective date.
